PRODUCT MANAGER

- Product Manager with 4+ years of experience in SaaS, specializing in the end-to-end product lifecycle for B2B users and the customers they serve
- Directed the 0-to-1 launch of a top-ranked feature, achieving a ~52% adoption rate among eligible users and saving an estimated 100,000+ aggregate administrative hours per year.
- Expertise in integrating AI-driven research and prototyping tools to accelerate product discovery and enhance user experience for 200,000+ customers.
- Strategic collaborator with a background in UI/UX design and customer success, focused on translating user research into actionable product roadmaps.
- Excellent storyteller leveraging a BFA and 18 years of diverse freelance experience in animation, media, and digital marketing to drive internal and external narratives that distill complex issues into clear insights.

WORK EXPERIENCE

SimplePractice Santa Monica, CA

Product Manager *Jan 2023 - Dec 2025*

- Directed the 0-to-1 discovery and launch of a top-ranked communications feature, achieving ~52% eligible user adoption within 4 months, and saving an estimated 100,000+ aggregate administrative hours per year.
- Orchestrated cross-functional collaboration between engineering, design, and customer success to deliver telehealth features maintaining a 4.5/5 star average user rating.
- Synthesized qualitative user research and quantitative data to manage the product roadmap for clinical communications features while balancing technical constraints and UX excellence.
- Delivered business-critical legal and compliance workflow updates for 200,000+ customers, ensuring high-quality product experiences under strict deadlines.
- Managed vendor API integrations supporting Health Information Exchange pipelines, collaborating with external stakeholders to ensure data integrity and meet regulatory requirements.
- Integrated AI-driven capabilities into internal workflows to streamline requirement gathering, deliver rapid prototype designs, and accelerate the delivery of user-centered product features.
- Provided product management coverage for Clinical Reports and Design Systems teams, balancing multiple competing priorities during periods of company growth.

Associate Product Manager *Aug 2021 - Jan 2023*

- Managed the end-to-end product lifecycles for delivering an enhanced platform search tool and a modernized referral incentive experience.
- Triaged and prioritized over 100 monthly customer requests, identifying high-impact improvements to enhance the overall customer experience.
- Conducted market analysis of competitor feature sets to inform prioritization of the product backlog and align with business priorities.

Product Specialist *Oct 2018 - Aug 2021*

- Conducted onboarding for hundreds of practitioners, driving trial-to-paid conversions by identifying workflows that improved customer experience.
- Coordinated with team leadership to scale support operations during a high-growth period, adapting to a significant increase in telehealth-related volume.
- Specialized in managing complex financial workflows and Stripe integrations, ensuring seamless payment experiences for healthcare providers.
- Partnered with product teams to provide stakeholder feedback on user pain points, contributing to the development of the product roadmap.

Abine, Inc. Boston, MA

Lead Creative & UI/UX Designer *Nov 2010 - Aug 2015*

- Directed all UI/UX design for flagship software, collaborating with executive stakeholders to align product strategy with user needs.
- Created hand-drawn animation commercials and product demos to distill user pain points and platform solutions into compelling visual narratives.
- Managed end-to-end design operations as a single-person department for both product and marketing, adapting quickly to shifting priorities and rapid changes to leadership.

Handcranked Productions Waltham, MA

Producer (Contract) *Jul 2013 - Nov 2014*

- Led the for-hire production of animated segments for major network television programs (PBS NOVA, The Food Network, Oprah Winfrey Network).
- Managed strategic partnerships, production pipelines, and client relations, leading timeline execution, creative quality control, asset delivery, and coordination between multiple teams.

Freelance Boston, MA - Los Angeles, CA

Creative Generalist and Consultant (Contract) *Jul 2008 - Present*

- Provide strategic consulting, design, and media production for a diverse client base of startups, creators, and entrepreneurs.
- Services include UI/UX, animation, and digital branding, delivering 20+ projects that improved user engagement and market positioning.

Digital Content Creator and Event Entertainer (Self-Employed) *Jan 2013 - Present*

- Deeply embedded in the creator ecosystem, actively producing optimized short-form video content for an audience of 30k+ followers.
- Creating educational programs and engagement for a private subscription-based online community and classroom.
- Managing an independent event production and entertainment business, performing at hundreds of events, including for Fortune 50 companies and A-List celebrities.
